TrackMy Tech: www.trackmytech.in | Track My Academy: www.trackmyacademy.com

FOUNDER SUMMARY

Product Engineer and Executive Director at TrackMy Tech Pvt Ltd, and founder of Track My Academy. Combines end-to-end software delivery with hands-on sports operations, turning academy workflows into live SaaS and mobile products. Leads a bootstrapped technology company focused on sports technology, education technology, and SaaS.

EXPERIENCE AND PRODUCT TRACTION

Executive Director | TrackMy Tech Pvt Ltd | June 2026 - Present

- Lead product direction, technology strategy, system architecture, execution planning, and product-market positioning. Work with Arichandran, Co-founder and Director, on company direction and organizational development.

Founder and Product Engineer | Track My Academy | December 2024 - Present

- Built a live sports academy management SaaS product used by approximately 50 academies and 2000 players, addressing operations handled through spreadsheets, notebooks, WhatsApp, and manual coordination.
- Own product design, architecture, engineering, and deployment. Delivered attendance, fee tracking, coach/player management, analytics, reports, role-based access, payment workflows, and multi-tenant systems.
- Independently built the complete Android and iOS applications and released both to production; refine the product through feedback from academy owners, coaches, players, and operational users.

Technical Operations Manager | CP Sports | November 2023 - Present

- Progressed from part-time football coaching to technical operations; built the first official website and internal tools, manage digital team workflows, and coordinate coaches, branches, parents, and event operations.

SELECTED PRODUCT EXPERIENCE

- **Veeran Tournament Engine:** Designed public and admin workflows for tournament registrations, media operations, and AI photo features while working with CP Sports. www.veerancup.in
- **BioPipeline:** AI and Product Development Lead with the founding team since March 2026; built SaaS workflows for compound selection, molecular docking, interaction outputs, and results. www.biopipeline.online
- **Smart Football R&D:** Explored sensor selection, internal component placement, ball balance, prototype testing, and mobile dashboard concepts. Project paused in December 2025 due to funding constraints.

FUNDING AND GROWTH PLANS

Proposed funding ask: INR 50 Lakhs for 5% equity.

Planned use of funds: Product development, academy onboarding, engineering and sales/operations hiring, Smart Football R&D restart, legal/compliance, and team setup.

Product priorities: Expand academy adoption, extend mobile workflows, develop a tournament module, and add AI analytics to the broader TrackMy Tech product suite.

AWARDS AND RECOGNITION

- **Master of Purple Fabric AI** | Intellect Design Arena Hackathon | April 2026.
- **First Place - HackAtom** | Russian Embassy Hackathon | 2026.
- **Chief Guest - AURORA '26 Valedictory Ceremony** | Ethiraj College for Women | September 2026.
- **Resource Person - Basic Python for Financial Analysis** | Ethiraj College for Women | 18 September 2026. Conducted a hands-on workshop connecting finance concepts with practical Python exercises.
- **Guest Speaker - Student Founder** | VISTAS | March 2026. Spoke about building a product from scratch and the realities of the SaaS industry and market.
